

Mrs. Housewife:

Come in and see the **Home Comfort**, the only **Bread BOX** that actually keeps your food sweet and fresh; the only one that opens from the front and has shelves. It is ventilated and absolutely **WILL NOT** rust. It costs nothing to look on or to ask questions. We will place bread and cake in it Friday and leave them until Monday. Come in and see for yourself.

NEWS OF GENERAL INTEREST IN IDAHO

Important Occurrences Of The Past Week From Cities In Our State

Pythian Sessions End.

Weiser.—Selecting Lewiston as the next meeting place and installing officers for the year, the annual conventions of the Knights of Pythias and Pythian Sisters adjourned here.

The officers chosen by the Pythian Sisters are: Past grand chief, Laura Edlin, Weiser; grand chief, Sarah Tanner, Mountain Home; grand senior, Fannie Harris, Grangeville; grand junior, Hazel Barnhart, Kellogg; grand manager, Hattie Thatcher, Moscow; grand M. of R. and C. M., Eva Hahn, Coeur d'Alene; grand mistress of finance, Belle Jackson, Genesee; grand proctor, Ivy Hatfield, Ho; grand guard, Leona Grete, Silver City.

Idaho Swine Men Meet.

Nampa.—A conference of the executive committee of the Idaho Swine Growers' association was held in this city, with all members of the committee present.

The principal problem discussed at the conference pertained to better market facilities and railroad rates for Idaho pork producers. It appears that Portland, which up to about seven or eight weeks ago, was the chief market for southern Idaho hogs, has been swamped, and Idaho shippers have been forced to divert their shipments to Los Angeles and San Francisco under far from favorable freight rates. This condition the association hopes to remedy.

Pot Mountain Survey On.

Lewiston.—A crew of government contract surveyors passed through this city en route to the Pot Mountain section, where they will survey township lines on land included in the Northern Pacific railroad grant. Several crews have already gone into that district this season for preliminary work, and it is expected more than 100 men will be employed in surveying the upper Clearwater country during the coming summer.

Surveyors Rouse City.

Coeur d'Alene.—Surveyors headed by Division Engineer Koren of the Northern Pacific railroad are in the city and speculation is rife as to their object. F. V. Welsenburger, general purchasing agent of the company, is also here. It is thought that their visit is connected with considerable extension work aside from the new depot plans the company is now considering.

EX-LEGISLATOR IS SHOT

Negro Fires at Man Who Tries to Assist in Arrest.

Boise.—Shot through the lower part of his lung, E. V. Bower, former member of the legislature from Lincoln county, lies in a critical condition at Shoshone, while James May, town marshal, was also badly injured by Jack Edwards, a negro dope fiend, whom the marshal attempted to arrest.

Marshal May attempted to place the unruly negro under arrest, when the powerful fellow turned on him, and, snatching his gun, beat him severely over the head with it and shot at him twice. Neither of the bullets took effect. Edwards then climbed on top of a westbound passenger train which was about ready to pull out. At this point, Bower seized a gun and attempted to arrest the negro, who shot from his point of advantage, the bullet taking effect in the lower portion of the lung.

Edwards then jumped from the coach on which he took refuge to train No. 6, eastbound, and made his escape, but was later arrested at American Falls and returned to Shoshone, where he is being held pending the outcome of Bower's wound.

Saw Boy's Body in River.

Idaho Falls.—Employees of the Utah Light & Power company plant one mile south of here saw the body of a boy, apparently eight years old, swept over the spillway and launched a boat in an endeavor to reach the body. The river is high and the water running rapidly in a gorge below the plant, making it impossible for the rescuers to get close to the body.

Ore Sent by Parcel Post.

Lewiston.—Sixty-five hundred pounds of ore were shipped recently by parcel post from the Elk mines, and four more six-horse loads are piled in the postoffice at Stites awaiting shipment, although the stage is hauling to its full capacity every day.

Police Probe is Asked.

Boise.—Charges of wilful and continued neglect upon the part of Chief of Police Webb N. Reeves, G. B. Hamby and Leonard F. Routson, detectives, in handling vice in the city were laid before the city council by the Law Enforcement league.

Three High Class Papers Free

All subscribers who are in arrears can by paying up back account and one year in advance to The Argus secure the following publications *Absolutely Free*:
